ONE-DAY NATIONAL SEMINAR INVITATION

Dear Colleagues,

It is our great pleasure to invite you for one day National Seminar on “Applications of Radioimmunoassay (RIA) in the diagnosis and treatment of thyroid dysfunction in small animal practice” organized by the Department of Veterinary Clinical Medicine, Veterinary Nuclear Medicine including Radio Isotope Laboratory, Mumbai Veterinary College (MAFSU), Parel-Mumbai in association with Indian Society for Veterinary Medicine (ISVM).

This seminar is emphasizing on application and importance of RIA in the diagnosis and treatment of thyroid dysfunction in companion animal practice. We are committed to organizing the seminar in a very cordial atmosphere offering positive interaction between professionals and veterinary endocrinologists. We sincerely hope for your active participation and look forward to welcoming you to this ever-exciting seminar in Mumbai.

Topics to be covered

- Anatomy and physiology of thyroid gland.
- Radioimmunoassay (RIA): Basics and dealings.
- Clinical assessment of thyroid dysfunction in small animal practice.
- Nuclear medicine enabled diagnosis of thyroid dysfunction in small animal practice.
- Recent advances in the therapeutic management of thyroid dysfunction in small animal practice.
- Radiation Safety.
